

Our Beginning

Help for Haiti, Inc., is a small group of loving individuals seeking to make a difference in the lives of desperate people. This group came together under the leadership of Mr. Johnny Jones for one common goal; "to help the people of Haiti". The group, made up of people from diverse professions and backgrounds. There are educators, entrepreneurs, physicians, medical professionals, state employees, financial strategist, high school and college students. Most of the group was just meeting each other for the first time while others shared some years of acquaintance through St. Monica's Church. During our first mission all came as a family looking out for one another and ministering to the needy people of Kobonal Haiti Mission.

We experienced a wonderful success story, in Kobonal, however we realize the hard work and dedication it has taken to build this mission and minister to the people the way it does. We do recognize that every available resource is needed to keep this good work going strong. More people, and donations, will result in more Haitians being helped.

**Please help us, help
them** by donating

Their hope for a better tomorrow can be changed by a single kind gesture on our part. Please help us by giving of your time, and donations. Your efforts will help bring about better surroundings leading towards a brighter future for the children of Haiti.

We appreciate and thank you for your continued support.

Help for Haiti Inc.

Kobonal Haiti Mission

Mission Statement

Help for Haiti, Inc. is a nonprofit organization that assists in supplementing the needs of the children of the Kobonal Mission. Our emphasis is the enhancement of faith, health, wellbeing and education of God's children. Help for Haiti, Inc.'s goals as partner with the Kobonal Mission are to help provide education, food, clothing and medical care for these children.

Additionally we also strive in outreaching to the Kobonal communities. Our objective is to focus on refining the quality of life in the Kobonal communities, while conserving the dignity and culture of the people of Haiti.

Health and Wellbeing

The families of the communities do not have electricity, running water and other conveniences in their huts. Consequently the need for personal and wellbeing items is essential in decreasing the spread of diseases and lowering the death rates from typhoid fever, malaria, and tuberculosis.

We are dedicated in supplying basic grooming, sanitation, and wellness items to the school children. These items of greatest needs are razors, nail clippers, shampoos, deodorant, wet ones, water bottles, vitamin supplements, clothing, underwear, and shoes.

Education

The Mission is the foundation of education for twelve hundred Haitian children. Our aim is to implement workshops for after school work trades, such as farming, sewing. Increasing classroom visual aids, and supplying the basic necessary school supplies; pens, pencils, paper, books, Bibles, back packs, and playground equipment.

Three things will last forever, faith, hope, and love, and the greatest of these is love.

1 Corinthians 13:13
